

# Pollinator Habitat

**AWS-Blanche Dean Chapter  
September meeting  
rescheduled to October 9<sup>th</sup>!**

Since we had to cancel our September meeting due to bad weather, the Birmingham Botanical Gardens had kindly allowed us to reschedule.

The new date will be on  
Monday, October 9.

Sallie Lee with the Alabama Extension Center is going to do a presentation about "Landscaping for Pollinators".

I will send out more information soon.

Lindsey Barclift, our original September speaker will be rescheduled in 2018.

Hope to see some of you Saturday at Limestone Park.

Thank you for your interest!  
Linda Sherk  
President
